

U & G BAKER
KING OF LOW PRICES

I Have Many Times Thought

How enormous our trade would be, providing all the people really knew what an up-to-date stock we carry--and how very cheap we sell them.

CLOSING OUT?

Nev-e; but we will give you much better prices than any concern that advertises "at cost." June is the month of "BRIDES and BARGAINS," but what we want to talk about is Baker's Bargains.

SAMPLE SHOES.

Our great sale of mens and ladies' sample shoes still continues. Prices at least 25 per cent. less than Manufacturer's cost.

Men's Sample Hats.

We have to offer, men's \$1 25, \$1 50 and \$1 75 hats at the astonishingly low price of 35-cts. each. Don't miss this great sale, you may never see anything like it again.

Sample Clothing.

200 boys and 200 men's suits at less than cost to make. We bought these suits at a large sample sale and can positively sell you clothing at about one-half the regular price. Men's suits start as low as \$2. Boy's suits as low as 75c.

Best Calicoes.

3,000 yards of Allen's best calicoes and 4 percales--while they last at 4-cts. a yard. Full bolts, new patterns and up-to-date calicoes. We hope our lady customers will come early and take advantage of this heretofore unheard of price.

Summer Dress Goods.

We will offer all the new things in summer Dress goods at about one-half the regular price. These goods, of course, have to be seen to be appreciated.

If we used all the space in this paper we could not begin to tell you all the bargains we have to offer. Come early and get choice selections.

Best calico at 4-cents a yard. What do you think of it?

HOT SPRING, N. C.

Dear friends, who read the Signal, in general, and the natives of Possum Holler, in particular:

Yes, my friends, do they now and then send a wish or a thought after me? Yes, our friends, think of us and will continue to do so while we live, but we'll soon fade from their memory when the curtain that hides the great beyond is drawn and we have passed from their view.

The question then arises: "Who is our friends?" and if you will read the Scriptural definition for nabor, you will get the full meaning of "friend" or just turn to the "Moral Law" and read it, but I don't intend to moralize or preach, now.

Here I am with good people, Mr. Gorenflo and family; the good lady runs the house while her husband is contracting and building. We, Thom, and I, are a little more than 200 miles southeast from Mt. Vernon, six miles from the Tennessee line up the French broad in Madison county, N. C., the original home of R. P. Norton and other noted North Carolina's who now live in Kentucky. We are not only in the "Old North State" but in the famous Blue Ridge mountains that extend from Pennsylvania to Alabama.

The nights cool and the air exhilarating, but the days seem borrowed from Kentucky temperature. We have no thermometer, therefore can't tell where it registers. We have invalids here from many parts of the United States, and some Japan and Africa--old negroes but not many of them. Patients are generally suffering from indigestion and rheumatism. The warm water makes one sick to either drink or bathe in for a time, but they are soon over it.

The Dr. has just made a thorough examination, prescribed "hot water" and drugs. He says he wants me to remain a month at least. He is a fine looking man, and I am persuaded to think that he is well up in his profession, for he says, "medicine is not a science and the more I learn about it the less I really know." Were he a quack he would hardly say so much, but would try to look wise and say but little, or talk all the time and tell nothing. His name is Peck. I sleep well and eat plenty.

I will have to delegate the running part of the various machines in Rockcastle to others for the time being. The priests and high priests of the Sanhedrin, the Levites, Proselytes, Christians, Jews and Campbellites, must run religion, Bill Owens, Jake Elder and Co. will run the singing contests, but should be careful to sing with the spirit and understanding, remembering Lot's wife. Dave Gentry, Cricket will run pollytix, I. T. McJurisprudence, Drs. Ham and DeBords drugs and patent medicines, and--well, we'll see how these perform before assigning others.

I cannot quit this without thanking friends at Mt. Vernon for dropping in Monday and offering much encouragement in appropriate words and no doubt many of them left me breathing a silent prayer: "God be with you till we meet again." Of those whose names I remember were those good sisters Mrs. Mary Carter, Mrs. Dr. Davis, Mrs. Wm. Sparks and Mrs. Fanny Adams. Of the gentlemen who called, our old-time friends M. J. Miller and D. N. Williams, one of whom has passed the allotted three score and ten and bears, I believe, the distinction of being the only Mexican war veteran in Rockcastle. Mr. Williams is yet on the sunny side of that ancient allotment. Among the more youthful was Cashier Richards, his assistant Mr. Furnish, Messrs. ex Judge D. P. County Attorney L. W., and Attorney B. J. Bethurum, Dr. S. C. W. T., and C. C. Davis, Editor Albright, Attorney C. C. Williams, Judge Lewis, Hugh and M. J. Miller, Jr., William Arnold and others whom I don't now remember.

I will say out of deference for many good friends in the old town that I dropped in unawares and many of them did not know that I was there.

A full blood Japanese woman prepared and brought me in dinner Sunday, it was light and easy digested. I ask the prayers of all Christians.

BUCK VARNON.

WHOOPIING COUGH IN JAMAICA.

Mr. J. Riley Bennett, a chemist of Brown's Town, Jamaica, West India Islands, writes: "I cannot speak too highly of Chamberlain's Cough Remedy. It has proved itself to be the best remedy for whooping cough, which is prevalent on this end of the globe. It has never failed to relieve in any case where I have recommended it; and grateful mothers, after using it, are daily thanking me for advising them." This remedy is sold by all druggists.

BRODHEAD.

Miss Ethel Baker, who has been visiting her sister, Mrs. Dr. W. E. Graveley, for the past year, has returned to her home at Martinsville, Va. Miss Ethel was a girl who had admirers in every one who knew her, and to say that she will be missed will even be putting it too light. H. H. Hutcheson, assistant cashier of Citizens Bank, is visiting his parents at Owenton, and intends spending the Fourth with them. Robert J. Wilmott is on the sick list. Miss Willie Benton has, as her guest, Miss Chadwick of Crab Orchard.

Woodyard Owens was in Stanford having some dental work done last Tuesday. John M. Cranor is in Waycross, Ga., on business. Chas. Lyons, of Junction City, is here taking up 15 cars of lumber, purchased from Cranor Smith Lumber Company. The Cranor Smith Lumber Co. is one of our best industries and is employing from 50 to 75 men which is a good thing for any town. They are shipping from 15 to 25 cars lumber, staves and spokes per week, and the hum of the saw can be heard on all sides as they are running three mills daily, sawing staves and spokes. At the rate they are now going it can't be long until the timber will be cleaned out, which we dislike very much to see as we will hate to give up two such good, jovial, gentlemanly fellows as Messrs. Cranor and Smith.

Misses Bessie and Fannie Sparks, of Mt. Vernon, visited Miss Willie Benton and attended the Masonic celebration at the fair grounds, and also the box supper at night. Miss Lena Roberts, of Dallas, Tex., is visiting Mrs. C. H. Frith. The protracted meeting at the M. E. church is drawing large crowds and doing much good. Miss Ray Edwards, of Knoxville, Tenn., who has been visiting her sister, Mrs. J. H. Dunn, returned home last Tuesday. We will miss Miss Ray as she was one of the best musicians we ever heard, considering age, as she was only 12 years old, but she certainly could make a piano talk. Mrs. W. E. Spraul visited Mrs. W. T. Brooks at Mt. Vernon, first of the week. A. E. Hutcheson, of Owenton, was visiting his brother, J. W. Hutcheson, first of the week. Miss Susie Hilton has accepted a position with her brother-in-law, Mr. R. H. Batson, of Lancaster, as clerk in his general store. Misses Lydia and Ethel Hilton are visiting their sister, Mrs. R. H. Batson, at Lancaster.

M. C. Albright was in Mt. Vernon first of the week on business. C. H. Frith returned from Louisville Tuesday. Miss Lillie Butler was the guest of Miss Clyde Cass first of week. Jno. Magee, of Lancaster, was here on business first of week. Don't forget the Worlds Fair August 16, 17 and 18, held at Brodhead, Ky. Marion Sullivan, of Williamsburg, was a registered guest at Frith Hotel Tuesday and Wednesday. Among the visitors at the Masonic celebration last Saturday, were: Wade Larkins, Jno. Lusk, N. D. Wallin, Crab Orchard; F. L. Thompson, Mt. Vernon; Rev. O. M. Huey, Stanford; C. E. Gilbert, Corbin; Dr. W. J. Childress, Livingston; Bogue Brown, Preachersville; Dr. E. J. Brown, Stanford, and 75 or 100 others. Mr. and Mrs. R. L. Collier visited his brother at Crab Orchard, last Wednesday. Our new depot has received some new repairs which were much needed and make a much better appearance now. Three cheers for Dr. Benton, J. H. Dunn, J. F. Watson, J. G. Frith, John Robbins, Rev. A. J. Pike and others who were the instigators of the Masonic celebration, were the men who used their utmost powers to make it a success, and to it was, putting it too light. People, people, they were here and if the day had been a pretty one I doubt that the fair grounds would have held them. Rals Wilmott was in Corbin first of week. Grant Sigman, a C. V. conductor, of Corbin, bin, is visiting his father, John Sigman, for a few days. St. Johns day celebration by Brodhead Lodge F. & A. M., at the fair grounds was a great success. Members of this Lodge, also visiting members from Paris, Lebanon, Danville, Lancaster, Corbin, Mt. Vernon, Preachersville and Crab Orchard, formed into procession at the Lodge room and marched to the fair grounds headed by the Crab Orchard band, where a crowd of about five hundred were in waiting. After an eloquent address by Rev. Huey, of Stanford, the crowd was served with roast beef, mutton, pickles and other good things to eat. After all had been fed the crowd was then feasted upon oratory that was good to hear by Revs. Huey, Pike, Smith and Pence. Rev. Huey's address was beautiful, Rev. Smith and Rev. Pence very interesting, but from a Masonic view Bro. Pike's address was a masterpiece and a plain exposition of what Masoury stands for. It was delivered with great eloquence and zeal

and every one that heard the address was better for it. Bro. Pike and all other speakers have the earnest and sincere thanks of Brodhead Lodge for their noble assistance. At night a box supper was given and was greatly enjoyed by those present. After supper, work in the Third degree was conducted by the visiting brothers, and their work was enjoyed by all those present. Taken all in all it was a great day for the Masons as well as the public who seemed to take interest in it and enjoy the same.

CUBAN DIARRHCEA.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhcea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon as will be seen by the following certificate from Mrs. Minnie Jacobs, of Houston, Texas: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhcea Remedy cured my husband of a severe attack of Cuban diarrhcea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I thank God for so valuable a medicine." Sold by all druggists.

FOLEY'S HONEY AND TAR
Stops the cough and heals lungs

LEVEL GREEN

The enormous amount of rain we have had during the past two weeks is becoming somewhat monotonous, especially so to the chronic grumblers. It is a bit damaging to wheat. Messrs. V. H., O. B. and W. J. Brown, came home Sunday from LaFollette, Tenn. Joe Renner was visiting at J. N. Brown's, Sunday. Rev. H. D. Burnette, of Science Hill, called on his son-in-law, Wm. H. Brown, Sunday. Messdames D. S. Woodward and Henry Mills, of London, passed through here the 19th en route to Dallas, Pulaski county, to see their father, Wm. Catron, who has since passed into the great beyond, "from whence no traveler ever returns."

The many friends of G. W. Owens now hope for his speedy recovery. J. J. Towery remains without very much change in his condition. Miss Dora Hatcher returned home last week from a long visit among relatives and friends at Boone's Path, Va. W. H. Mullins sold to J. B. Cummins one combined harness and saddle horse for \$110. M. B. DeBord, was up Sunday from Elrod, scattering sunshine in the pathway of the downcast and gloomy ones. The magnetic presence of some people seems to have a medicinal effect. How much better the world might be if we had many such. Our merchant, H. C. Broughton, is doing business at the same old stand (Level Green.) Mr. Broughton has moved his family here. Mr. A. C. S. wder went to Berea Sunday. The teachers of our community are agreeably anticipating a week's pleasant instructions at the teacher's institute to be held in your town next week.

PENSION REPORT.

Major A. T. Wood, Pension Examiner for Kentucky, is making out his annual report for the year. The report will show that twenty-five widows still receive pensions for the war of 1812. There are no survivors in that war, and the widows receive \$8 a month. For the Indian war three survivors twenty widows receive pensions. There are 216 survivors of the Mexican war in Kentucky who receive pensions, and 407 widows.

The Civil war has the largest list to its credit, there being 5,669 survivors and 2,646 widows who receive pensions.

For service in the Spanish-American war 628 survivors received pensions, and 211 widows. About \$1,000,000 is distributed annually through the Louisville office in pensions.

It will be noticed that in the earlier wars the widows outnumber the veterans by a large majority, while in the later wars the veterans outnumber the widows.

The reason assigned for this is that veterans marry young wives, and it is probable that in twenty or thirty years from now the widows who receive pensions will greatly outnumber veterans of the Civil war.

The State Fair Association are making long and loud appeals to the people of the State to lend their assistance in making the Fair, which will be held in Lexington in September, a success, and that unless the Fair is a success this year, that there are very grave doubts about the Legislature making any further appropriations for it. If all who gave assistance in the past received the same consideration that the newspaper men have, we see no reason why it has not been a financial success all the while.

"LOUISVILLE is to have as one of its summer attractions the dog-eating Igorrotes, from the Philip pines" says the Courier-Journal, which paper makes an appeal to let them come that they may devour some few at least of the city's hundreds of worthless canines. If Louisville and Jefferson county can not furnish an ample supply to satisfy their "dog-eating appetites" just send them on to Rockcastle, where they will find the supply equal to the demand.

NEWS ITEMS

The annual report of State Commissioner of Insurance Henry R. Prewitt recommends the enactment of legislation barring from business in Kentucky any life insurance company which pays any of its executive officers a salary in excess of \$50,000 a year.

A rumor was in circulation in St. Petersburg Monday night that Gen. Kuropatkin had been killed. There was another rumor that 70,000 Russians had been cut off by Gen. Nogai's army. Neither report has been confirmed by press dispatches or the Russian General Staff.

The Simpson county grand jury has returned true bills against A. S. Walker, J. A. McGowan, Charles Bivard and J. K. Caldwell, formerly connected with the J. A. McGowan Banking Company, of Franklin, Ky., charging them with receiving deposits after they knew the bank was insolvent.

Here is a chance for the union played. Kansas wants 22,000 harvest hands at \$1.75 a day for a month. Go West, young man, and work. It is better every way than loafing. Stanford should send at least a car-load of youngsters to help. She could spare that number of do-nothings and then have too many left.—(I. J.)

Friar on with Chairman Shonts, of the Istmanian Canal Commission, is believed in Washington to have been one of the causes that led to the resignation of Chief Engineer Wallace. There is also some reason for thinking that Mr. Wallace may have reached the conclusion that the construction of the canal would be impracticable.

German's reply to the latest French note on the Moroccan controversy is said to have been prepared and to contain a request for a clearer statement of France's programme in Morocco. Should the rejoinder from France be satisfactory on the subject of coast trade and frontiers, it is further said, Germany will abandon the idea of an international conference.

A step forward has been taken in the negotiations for the peace conference, and the date of the meeting is now being considered by the Russian Emperor. An answer is not expected for a day or two. The Russian Invalid, the army organ at St. Petersburg, supplies an argument for peace in its estimate of the strength of the Japanese army, which it places at from 550,000 to 600,000 men.

It is reported that Chinese sentiment in opposition to the exclusion laws of the United States is growing fast, and is manifested in many ways, to the detriment of American interests in the Orient. The exclusion of Chinese coolies from Hawaii and the Philippine Islands is regarded as particularly obnoxious. The Chinese Government is being urged by many of its subjects to take a firm stand in the matter.

President Roosevelt has issued orders to diplomatic and consular representatives requiring a careful performance of duties under the Chinese exclusion act in order that Chinese travelers of the exempt

classes may not be subjected to harsh treatment by immigration officers. This action by the President has been induced by representations that the Chinese guilds and other commercial bodies threaten a boycott of American goods unless harsh treatment of Chinese travelers to this country is abandoned.

Several water-power concessions have recently been granted in the district of Santander, Spain. Most of them are of small importance, but they will probably be able to develop about 4,000 horse-power. Opportunity is offered to producers of machinery, tubes, and electrical apparatus in America to compete with the French and German firms now studying this field. Rails and rolling stock will be required by some of the small railroads to be constructed in that vicinity. American firms should try for orders.

Great Britain is actively engaged in strengthening her coast defenses in Western Canada by building a new fort at Esquimalt, B. C. The war in the far East has enforced the withdrawal of the entire Pacific squadron from the Canadian coast in order to protect English holdings along the east coast of Asia. This left the British waters in Puget Sound unprotected except for a fort at Esquimalt, which was armed with guns more or less obsolete. Esquimalt is situated on the inner end of the entrance to Puget Sound.

Statistics of imports into Switzerland point to the fact that the United States is not getting its fair share of the trade of that thrifty and progressive country. During three months of last year, Argentina, for example, is credited with an import of 349,893 bushels of corn, whereas the amount coming from the United States in the same period was only 16,592 bushels. From Russia came 2,451,410 bushels of wheat, and from the United States 85,100 bushels. Germany imported 154,880 pairs of shoes, while only 5,720 came from the United States.

ADJOINING COUNTIES

An extension of the Southern railway from Harrodsburg to Danville will be opened early in August and residents of Boyle and Mercer counties and shippers in that locality will be granted a substantial reduction in both freight and passenger rates to Louisville. The extension is almost completed and will shorten the distance from Louisville to Danville about six miles. Time is lessened more appreciably, however, from the fact that no junction will be necessary with the Cincinnati branch of the Southern at Burgin.—Advocate.

The Jessamine Journal says that a very important and an uncommon case was decided by Judge Benton in the Circuit Court there last Friday. The suit was brought by A. J. Sageser against Frank Miller's executor to recover the one-eighth of the proceeds of the Miller farm recently sold for about \$15,000.

Frank Miller made his will in 1885 and died shortly thereafter. He left at his death eight children among whom was an unmarried daughter, who several years after the death of her father, married the plaintiff, A. J. Sageser; to this union was born one son. A short time after the birth of this child, the mother and child both died. By the will of Frank Miller he gave his 200-acre farm to his wife for life and after her death provided that it should be sold by his executor and the proceeds divided equally among his children. His widow lived and conducted the farm until a few months ago. After her death the executor sold the farm for about \$15,000. Mr. Sageser then brought suit, claiming that he was entitled under the will to his former wife's portion of the proceeds of this farm. The question was novel and created much interest among the legal fraternity here and through out this judicial district. E. B. Hoover brought the suit and N. L. Bronaugh represented the executor. Judge Benton took considerable time on the case and rendered a very able and lengthy opinion, holding that Mr. Sageser was entitled to the one eighth interest that his wife, if living, would have received.

RELIGIOUS

The following is a brief summary of the figures contained in the official report, just published, of W. J. Semelroth, Chief Secretary of the World's Fourth Sunday School Convention: "The totals of Protestant Sabbath Schools, teachers and scholars in Europe, Asia, Africa, North and South America, and the islands of the seas are: Schools, 260,905; teachers, 2,414,757; scholars, 23,442,993. The United States leads with 139,817 Sunday Schools, 1,419,897 teachers and 11,493,591 enrolled scholars. England and Wales come next with a total membership of a little more than half this number, while Greece, the least in the list, has only four Sunday Schools, seven teachers and 180 scholars. It means much for religious interests of mankind that nearly twenty-three and a half million youth are being indoctrinated in the Bible and it is a cheering fact that the number of these Bible students steadily increases."

POLITICS AND POLITICIANS

Louisville is to have a Fusion ticket.

Hon. Henry R. Lawrence, for two terms a member of the Legislature, is in the city, having come over from a meeting of the Kentucky Press Association. Mr. Lawrence is one of the leading candidates for the Speakership of the next House. He is the editor of the Cadiz Record, one of the best papers in the Southern part of the State, and the newspaper boys are all his friends and are for him for almost anything he wants.—Ky. State Journal.

We understand that when Judge Sherman Cooper, of Somerset, takes the office of collector of this district, he will have a new force of deputies, all round. Given Mr. Bland Ballard, who has been in the office since Harrison was President, is to go. It is said that Mr. Ballard will be one of the revenue agents of this State.—Interior Journal.

John M. Pattison was nominated for Governor by the Ohio Democratic convention Wednesday. The platform declares for the adoption of the principle of the referendum in certain matters of legislation. References to William J. Bryan by the chairman and other speakers were received with great applause. The resignation of John R. McLean as National Committeeman was received and accepted.

A special from Washington dated June 23rd says: "The President to-day appointed J. Sherman Cooper, of Somerset, Collector of Internal Revenue of the Eighth (Danville) Kentucky district, to succeed James H. Denton. Secretary Shaw announced the appointment immediately after the Cabinet meeting. He told the President that early in the year the Kentucky Republicans reached an agreement to oust Denton from the office, and give the place to Cooper. The President at that time agreed to the appointment, and upon the reminder of the Secretary to-day the President at once ordered the appointment. Cooper owes his nomination to the efforts of Representative Edwards, of the Eleventh district, who originally recommended him, and who has been in Washington for the past week to prevent any slip in the arrangements made several months ago. In the two races for the Republican congressional nomination, Mr. Cooper was a strong Edwards partisan, while Denton is alleged to have used the influence of his office to assist Dr. Hunter. Edwards won the nomination, and determined that Denton would have to go. The President, who has had little love for Hunter, agreed with him."

TO CONSUMPTIVES.

The undersigned having been restored to health by simple means, after suffering for several years with a severe lung affection and that dread disease CONSUMPTION, is anxious to make known to his fellow sufferers the means of cure. To those who desire it, he will cheerfully send (free of charge) a copy of the prescription used, which they will find a sure cure for CONSUMPTION, ASTHMA, CATARRH, BRONCHITIS and all throat and lung MALADIES. He hopes all sufferers will try his remedy, as it is invaluable. Those desiring the prescription, which will cost them nothing, and may drive a nail into the coffin of their disease, may address: REV. EDWARD A. WILSON, Brooklyn, New York, mar 3 05 1 yr.

The patriotic American who desires to achieve notoriety as a mountain climber need not go to the Alps, for in the ascent of Mt. Hood, the loftiest peak of the Cascade mountains, which extend north and south across Oregon and Washington for 130 miles, he will find an ample outlet for his ambitions. Mt. Hood reaches an elevation of over 11,000 feet, thus ranking among the highest peaks of the world.

French physicians say that epidemic cerebro spinal meningitis, otherwise spotted fever, is not by any means a newly discovered disease, but has been exhaustively studied for over 90 years. In 1837 the malady broke out at Bayonne among two regiments of the line, which being removed to other garrisons, spread the epidemic. Spotted fever is of short duration, and dies down on the return of sunshine and warmth.

The census of the Philippines, just published, shows that the forests in the islands, in which there are 747 varieties of wood, are worth about \$300,000,000, or double those of the States of Oregon and Washington, which are especially strong in that particular asset. Then there are great deposits of coal, iron and lead, and there are many indications of gold and silver, all of which represents a wealth of several billions more.

The renovation of J. Pierpont Morgan's house at Madison avenue and Thirty-sixth street, New York, during the absence of the family in Europe has brought to the surface Miss Florence Mason Rhett, household secretary to the great financier, and one of the highest salaried as well as the hardest worked women in the United States. Those who ought to know say her salary is \$10,000 a year, the same as H. H. Rogers, the Standard Oil magnate pays to Miss Katharine Harrison, and \$2,000 a year more than Helen Gould is said to pay Miss Elizabeth Altman.

A second steamship is to be placed in service upon Lake Titicaca, in Peru, the highest lake in the world, being some 15,000 feet above sea level. There is already one vessel engaged in traffic upon this sheet of water.

According to German papers there are two industries in Belgium which owe their existence solely to the fact that denatured alcohol is not subject to any tax in Belgium, namely, the manufacture of ether and of artificial silk, which use more than 2,500,000 gallons of alcohol per year.

As long as labor leaders are chosen to inspect Chinamen applying for admission to this country it is unreasonable to expect that they will be treated with greater courtesy than the labor leaders accord to American workmen who "don't belong to the union."

We are in receipt of a catalogue of the Crab Orchard Fair Association which exhibition takes place July 19, 20 and 21. It is a fifty-two page book, well arranged and nicely printed, the printing having been done by the Interior Journal job office. Liberal premiums are offered and every assurance given the public that the fair will be one worthy of their patronage.

The Louisville & Nashville Rail road is surveying the track from Livingston to Corbin preparatory to putting in a double track, says a dispatch from Barlowville. A survey is being made between East Bernstadt and Hazel Patch, it is true, but those who are in a better position to know, say that it is only for a long siding on Crooked Hill.

We understand that the latest decision as to how the gas from the Livesay well can best be utilized is put it in the residences about town, and the work of doing so will be begun in a very short time. The fact that it has proven a failure in burning lime is no surprise, and if the gas was a hundred times as strong as it is the same would be the result, so long as used in the same manner in which it was in the Krueger lime kiln. In the first place the kiln is not constructed so as to burn gas and in the second place the way in which the gas is piped into the kiln, it does not have much more than one-tenth the force, and a proportional amount of heat that it would have if the pipes were properly arranged. The one main pipe, shooting the gas into the furnace and that is all, which, those who have have had experience with gas, tell us is a very dangerous arrangement and so far as heating is concerned almost worthless. It does seem that the gas should be used in some way. For nearly a year it has been allowed to waste, which if properly handled would have brought to the projectors, who had the well put down, a nice little dividend on the amount expended.

On the 25th, at Rose Hill church, the following officers were elected: Elders—J. W. Lee, T. B. Lear, Felix Bowman. Deacons—David Hysinger, Sam Hysinger, Bruce Pursell. Eld. Green Fish and G. W. Taylor. Deacons, officiated. Services first and third Sunday in each month 3:00 p. m.

The great Van Amburg Show was here Tuesday and some of the boys who were so kind about exchanging with them greenback for silver and silver for green back, have evidently learned a valuable lesson, to keep their money in their pockets, when in company with such people.

DROWNED.—Elijah Abney, age 21, was drowned at Langford Station last Saturday while attempting to rescue his younger brother, who had been washed over a bar. The younger brother reached the shore safely. The father of the boys came near being drowned also. The body was recovered Saturday afternoon. It seems from the report given us that, when Elijah, who was a very strong young man and a splendid swimmer, went to the rescue of the brother, that the young fellow in his terrible struggle, seized Elijah about the neck in such a way as to render him unable to even rescue himself, without rendering any assistance to the younger brother. It is a very sad affair, and the sympathy of all is extended to the bereaved family.

The Somerset Journal, under a splendid half tone has the following to say of Judge W. R. Cress, of Monticello, an old Rockcastle boy who has a host of friends in this county: "Judge Cress is closing a successful administration affairs as County Judge of Wayne county, he being the only Democratic County Judge in the Eleventh Congressional district. During his administration the taxable wealth of the county has grown in value about one million dollars and the rate of taxation has been kept down to the minimum, the roads improved and the credit of the county in all respects maintained. If elected a member of the Legislature he will advocate the formation of a new judicial district of the counties of Wayne, Pulaski and Clinton. He will champion the desire of Pulaski for the location at Somerset of a State Normal School, should the policy of Normal Schools in several sections of the State prevail, a plan which he will warmly advocate. He will advocate State aid for the common country roads, and a revision of the road laws of the Commonwealth. He will originate, and carry through on his broad shoulders, equitable legislation, controlling and protecting the petroleum industry of the State, a form of legislation sorely needed in this large and increasing industry. Judge Cress is wide and favorably known throughout the State. He is a gentleman of splendid personal presence, forceful, discreet, magnetic and experienced in the art of leadership in public life."

Capt. W. T. Short, deputy collector of this city tells of a daring moonshine raid in Whitley county Tuesday night and Wednesday morning by himself and Deputy United States Marshal John Mullins and a posse of guides. Willis Jones a noted mountain character, who for years has been operating an illicit still on Muddy Creek and other points in Whitley county, dodging or defying the officers of the law, and a woman who call herself Ellen Jones, who claims to be Jones' wife, were captured and taken to the Williamsburg jail to await their trial on a charge of operating an illicit still, as well as retailing liquor without a license. Marshall Mullins came near losing his life from a bullet from a revolver in the hands of the woman.

Jones and the woman were at the river fishing when the officers arrived at their lair. Soon the woman came up the gulch and was placed under arrest. One of the men guarded her while Capt. Short and the other two went to look for Jones. They soon found him well concealed in the cane brakes comfortably seated on a log fishing. They got the drop on him and soon had him handcuffed.

The woman, who had been allowed to go to the hut where she and Jones, lived, to get the latter's coat, came out with a large revolver concealed in the garment. Mullins told her to take her hand from the coat and she obeyed by drawing the weapon which she presented at Mullins' breast. Mullins knocked the weapon down just as it was fired, and the ball ploughed the ground by his feet. A desperate struggle ensued between the two, and finally Mullins knocked the weapon from the woman's hands. The couple were taken to Williamsburg together.—Richmond Register.

Barre and Henderson brothers are having the rock hauled to build their lime kiln.

Democrat Convention of the 5th, Magisterial district composed of Browns and Brodhead precincts met in convention 17th, day of June at Brodhead. The convention was called together by Committeeman J. H. Dunn, and Dr. Percy Benton was elected temporary chairman and J. F. Watson Secretary. Granville Leece was nominated as candidate for Magistrate and J. D. Harum nominated for Constable to be voted for at the regular November election 1905.

J. A. Wood has purchased the stock of goods and store room recently sold by Chenault & Evans to Clark Bros. at Orlando. This gives Mr. Wood two good business houses and well selected stock of general merchandise, in that splendid business center. "Bige" as he is familiarly called, is one of the best and most enterprising business men in our county and his many friends are anxious to see him make a great success, which, judging from his past record, he will most assuredly do unless overtaken by some dire misfortune unforeseen.

KIDNEY DISEASES CAUSE ONE-THIRD OF THE TOTAL DEATHS.

When the Kidneys fail to perform their functions properly by not straining out the poisonous waste matter from the blood as it passes through them, the poisons are carried by the circulation to every part of the body, deranging the different organs. This causes heart trouble, stomach trouble, sluggish liver and a host of other ills, all due to deranged Kidneys.

FOLEY'S KIDNEY CURE

corrects irregularities and cures Kidney and Bladder diseases in every form, tones up the whole system, and the diseases that have resulted from disordered Kidneys disappear, because the cause has been removed. Commence taking FOLEY'S KIDNEY CURE at the first sign of danger. Do not risk having Bright's Disease or Diabetes.

CURED OF BRIGHT'S DISEASE.
Mr. Robert G. Burke, Elmore, Saratoga Co., N. Y., writes: "I am glad to have an opportunity of telling what magnificent results I have had from using FOLEY'S KIDNEY CURE after having tried other advertised medicines and several physicians. Before I began it I had to get up from 15 to 30 times each night to relieve my bladder. I was all bloated up with dropsy and my eyesight was so impaired that I could scarcely see one of my family across the room. In fact, I was so badly used up that I had given up hope of living when I was urged by a friend to try FOLEY'S KIDNEY CURE. One 50-cent bottle worked wonders, and before I had taken the third bottle the superior fluid had gone, as well as all other symptoms of Kidney trouble. My friends were surprised that I was cured, as they all thought I was going to die. Every few days some one comes from miles away to learn the name of the wonderful medicine that cured me of Bright's Disease, and not one that has tried it has failed to be benefited."

A man who was too economical to subscribe for his home paper sent his little boy to borrow the copy taken by his neighbor. In his haste the boy ran over a \$4 stand of bees and in ten minutes looked like a warthy summer squash. His cries reached his father, who ran to his assistance, and, failing to notice a barbed-wire fence, ran into it, breaking it down, cutting a handful of flesh from his anatomy and ruining a \$5 pair of pants. The old cow took advantage of the gap in the fence and got into the cornfield and killed herself eating green corn. Hearing the racket, the wife ran, upset a four-gallon churn of rich cream into a basket of kittens, drowning the whole flock. In her hurry she dropped her \$25 set of false teeth. The baby, left alone, crawled through the spilled cream into the parlor ruining a \$20 carpet. During the excitement the oldest daughter ran away with the hired man, the dog broke up eleven setting hens and the calves got out and chewed the tails off four fine shirts.—EX.

Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membranes lining the stomach and expose the nerves of the stomach, thus causing the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure relieves all inflammation of the mucous membranes lining the stomach, protects the nerves, and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

JUST MEANDERING.

A city girl writes: "It is a fond dream of mine to become a farmer's wife and meander with him down life's pathway," and to this the Osborne, Kan., News man replies: "Ah, yes, that is a nice thing; but when your husband meanders off and leaves you without wood and you have to meander up and down the lane pulling splinters off the fence to cook dinner, and when you meander along in the wet grass in search of the cows till your stockings are soaked, and when you meander out across 20 acres of ploughed ground with a club to drive the hogs out of the cornfield and tear your dress on the barbed-wire fence, when you meander back home to the house, find that the little goat has batted the stuff out of your child, and find the old hen with forty chickens in the parlor, you'll put your hands on your hip and realize that meandering is not what it is cracked up to be."

Wine of Cardui Cured Her.

213 South Prior Street, ATLANTA, GA., March 21, 1905.

I suffered for four months with extreme nervousness and lassitude. I had a sinking feeling in my stomach which no medicine seemed to relieve, and losing my appetite. I became weak and lost my vitality. In three weeks I had fourteen pounds of flesh and felt that I must find speedy relief to regain my health. Having heard Wine of Cardui praised by several of my friends, I sent for a bottle and was certainly very pleased with the results. Within three days my appetite returned and my stomach troubled me no more. I could digest my food without difficulty and the nervousness gradually diminished. Nature performed her functions without difficulty and I am once more a happy and well woman.

SENTENCE SERMONS.

Covetousness kills charity.

A good repentance needs no enforce.

You cannot leave the lusts you love.

Every right thing loved enlarges the life.

Many a homely seed holds a heavenly blossom.

It is easy to be patient with the man in the mirror.

No creed that is shorter than a lie is long enough.

You would better damn a man than despair of him.

It takes more than white tie to cover a black heart.

It is always easier to do a big thing than a little one.

Education is simply the art of creating environment.

Every time conceit is punctured character is strengthened.

The perfume of life comes from the flowers of affection.

Present virtues may do more for people than past victories.

You cannot measure the holiness of others by your own habits.

It makes many a man blush to look an honest horse in the face.

The right is never found by the assertion of our own rights alone.

Some people think to redeem a bad day by dreams of heaven at night.—[Chicago Tribune.]

QUALITY VS. QUANTITY.

Hard muscles and strong body do not depend on the quantity of food you eat, but on its perfect digestion and proper assimilation.

When you take Kodol Dyspepsia Cure your system gets all the nourishment out of all the food you eat.

It digests what you eat regardless of the condition of the stomach and conveys the nutrient properties to the blood and tissues. This builds up and strengthens the entire system, overcomes and cures indigestion, dyspepsia, belching, sour stomach, etc. Kodol Dyspepsia Cure for what is sometimes called America's national disease—dyspepsia—is destined to eventually work a wonderful and lasting benefit to sufferers from this distressing and mind harassing condition. Sold by Mt. Vernon Drug Co.

HUGE TASK.

It was a huge task, to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cheorkee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful back ache, headache, and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach. Guaranteed and sold by all druggists."

THE SALVE THAT PENETRATES.

DeWitt's Witch Hazel Salve penetrates the pores of the skin, and by its antiseptic, rubefacient and healing influence it subdues inflammation and cures boils, burns, cuts, eczema, tetter, ring worm and all skin diseases. A specific for blind, bleeding, itching and protruding piles. The original and genuine Witch Hazel Salve is made by E. C. DeWitt & Co., and sold by Mt. Vernon Drug Co.

Unless all signs fail summer travel by rail, steamboat and ocean liner will be heavier this year than ever before; this in spite of the fact that the real summer weather has been a long while in coming. For years past the trans-Atlantic summer travel has been steadily growing, but this year, while home resorts will be crowded, the ocean voyagers will be more numerous than any other season.

JUST WHAT EVERYONE SHOULD DO

Mr. J. T. Barber, of Irvinville, Ga., always keeps a bottle of Chamberlain's Colic, Cholera and Diarrhea Remedy at hand ready for instant use. Attacks of colic, cholera morbus and diarrhoea come on so suddenly that there is no time to hunt a doctor or go to the store for medicine. Mr. Barber says: "I have tried Chamberlain's Colic, Cholera and Diarrhea Remedy which is one of the best medicines I ever saw. I keep a bottle of it in my room as I have had several attacks of colic and it has proved to be the best medicine I ever used." For sale by all druggists.

Baroness Burdett-Coutts, of England, who, at the age of 67, married William Ashamed Bartlett, 30 years her junior, lately celebrated her 91st birthday. She is still quite strong physically, and her mental powers appear to be as active as ever. The baroness still directs the affairs of her large estate as she did half a century ago, and it is rumored that she even contemplates a trip to the United States.

IN THE STATE

The model of Sculptor Niehaus, of New York, was selected by the Goebel monument committee at a meeting Tuesday. The monument is to be erected from the \$16,000 public subscription fund supplemented by the Goebel brothers.

The statement of the financial condition of Kentucky made by the State Treasurer at Frankfort Saturday should commend itself to all persons seeing a home or investment where taxes are low and where there is practically no State debt. The last of the registered bonds of 1885 have been paid and the total State debt now consists of but \$20,000 of coupons while there is \$40,000 in the treasury. The general assembly is limited by the Constitution in its power to contract debts, in time of peace, beyond \$500,000. Not an cent of the State is given to any individual or corporation, or the State become an owner or stockholder in any corporation. These provisions of the Constitution proved the great safeguard against the creation of a bonded debt during the war, such as the Southern States generally suffered from. More than one-half of the State tax levied annually goes for the support of the common school system.

The first building used as a State house for Kentucky, in which was convened the first session of the Legislature, was in Lexington on June 1, 1792, in a log building, two stories high, standing near the center of the city on the east side of Main Street, between Mill and Broadway. It was only used as a State house until the second session on December 22, 1792. The sum of \$15 was appropriated "to the person who cleaned the State house" and \$25.74 for other expenses, which included "raising a pole and flag," a table for the use of the State and repairs; \$40.74 for the entire expense of the two sessions of the Legislature when the Legislature adjourned as above on December 22, 1792.

A BAD SCARE.

Some day you will get a bad scare, when you feel a pain in your bowels, and fear appendicitis. Safety lies in Dr. King's New Life Pills, a sure cure, for all bowel and stomach diseases, such as headache, biliousness, costiveness, etc. Guaranteed at all druggists, only 25c. Try them.

It is not generally known that industrial Russia, where it is being developed at all, is being developed by foreign capital. Many millions of American and English capital are invested in Russia, and the life or death of the Czar is a matter of paramount importance to such enterprises and those interested in them.

The laxative effect of Chamberlain's Stomach and Liver Tablets is so agreeable and so natural that you do not realize it is the effect of a medicine. Sold by all druggists.

CALIFORNIA

Do you want to live where the climate is mild the year round—where labor is never oppressed by stress of weather, and where animal vitality is never lost by mere conflict with cold?

Do you want to live in a region where the resources are more varied than in any other equal area in the world, where the division of great ranches affords a fine opportunity to get a small farm that will assure you a competence?

Do you want to live where, with a minimum of labor, you can grow profitable crops of grapes and small fruit, oranges, lemons, olives, prunes and almonds, alfalfa and grain, where crops are sure, business is good and capital easily finds profitable investment?

Then go to California, where both health and opportunity await your coming.

The Chicago, Union Pacific and North-Western Line

is the most direct route to the Pacific Coast, and there are two fast through trains daily via this line, over the famous double-track railway between Chicago and the Missouri River.

Special low round-trip rates are in effect via this line throughout the summer to various Pacific Coast points, and colonist low rate one-way tickets will be on sale during September and October, which give an unusual chance for settlers to make the trip at a minimum of expense.

Daily and personally conducted excursions are operated through to San Francisco, Los Angeles, and Portland without change, on which a double berth in a Pullman tourist sleeping car from Chicago costs only \$7.00, via the

Chicago & North-Western, Union Pacific and Southern Pacific Railways.
